Bob Wotawa, Chicago Bears football star, was on hand last night to sign autographs at the 11th Illinois Junior High School Conference at Northern Illinois University.

Boy Scouts Don't Riot, Sheriff Woods

A contract in behavior was pointed out by Sheriff Joseph J. Woods to members of the North Star District of suburban Boy Scouts Sunday.

Sheriff Woods, speaking at a dinner honoring adult scout leaders, said "I consider your work to be like a team and effort. You are the team, and the effects are some pretty do-able kids."

MORE THAN 1500 members of the Old Orchard Country Club heard Woods present the complete membership of the Boy Scouts with the first of the "Mentor's column" in the recent issue of the "Scout" magazine.

"You have a uniform and you are teaching the boys to be proud of it," he said. "You are teaching them to love their flag. Other people are teaching them just the opposite. You are teaching through your example and this is where it really counts."

"The young boys develop discipline and if they like one uniform they don't like another uniform. The spirit that ignites the trouble in the 'look,' Woods said.

"The kids are wearing a uniform, not only they don't know it, it is the uniform and 'conformity. This only means that we are not in the same way as they are."

Woods, the father of 11 children, was accompanied by his 19-year-old son, who was injured when a plane of concrete was thrown through the window of his car, commented. "Contact that with what you have. We try to move ahead of time to prevent these situations. This is what you are doing with your boys."

Woods, among people who have a reasonable outlook and are not swayed by emotion. Many of the men who have volunteered to be in my old squad to keep them communitaries have been scouts. I have checked their background out and found this to be true," Woods said.

Woods, the father of 11 children, was accompanied by his 19-year-old son, who was injured when a plane of concrete was thrown through the window of his car, commented.

Finance Crisis to Stay

(Continued From Page 1)

Dish 214 student enrollment is expected to climb to about 12,000 in 1975 and stabilize

around that level. At an average cost per pupil of \$500, the money it costs Dish 25 \$300,000 each year just to take care of new students.

Revenue in the last five years have not been increasing rapidly enough to meet the expense of new pupils and other rising costs.

These costs in the last two years district voters have declined to approve higher taxes. State aid was increased in 1967, but there will be no increase in state aid in 1968.

Some anticipation is regarded as a sound practice since each school year falls into two calendar tax years. It is when anticipation is increased annually that a school district moves into a danger area since there is a legal limit imposed by state law of 75 per cent. In other words not more than 75 per cent of estimated tax revenues for the next year may be used for current anticipation. The limit of 75 per cent anticipation is increased annually that a school district moves into a danger area since there is a legal limit imposed by state law of 75 per cent. In other words not more than 75 per cent of estimated tax revenues for the next year may be used for current anticipation.

Living now, Dish 25 has been able to increase anticipation without raising taxes and secure the funds needed. There is enough headroom in the 1968-69 school year. These funds can be secured by moving anticipation of the following year's tax revenue up to the maximum of 75 per cent. However, if that school board takes this course and no additional revenues are available by September of 1968, the district will be forced to go into the following school year with about \$600,000 less revenue than it had the year before. If this is the case, the district will be forced to go into the following school year with about \$600,000 less revenue than it had the year before. If this is the case, the district will be forced to go into the following school year with about \$600,000 less revenue than it had the year before.

The factor which further complicates all of these situations is that in the 1969-70 year there will be 600 to 650 additional students scheduled for Dish 25 schools at present levels, raising anticipation something short of the maximum, or going to the maximum of 75 per cent. The difficulty of the situation will be determined by that the board of education decides to do in the next school year now entering the planning stage.

Pi Beta Phi Parade Fashions for Fall

Mrs. Kenneth Hilgen of Mount Prospect was one of the many women who selected fashions at the annual Pi Beta Phi Fashion Show. Mrs. Hilgen is wearing the dress and coat ensemble worn from Betty and Bob's in Burlington.

RIGHT—There was an outfit for every occasion at the annual Fashion show. All fashions including this beautiful dress and coat ensemble were from Betty and Bob's in Burlington.

Seek Names Of Servicemen

The American Citizenship Committee of the Arlington Heights Woman's Club wishes to obtain names and addresses of servicemen and women from the Arlington Heights area who are serving overseas. The committee plans to send Christmas cards to area service personnel. Residents who know the names and addresses of such persons, may write Mrs. Betty Hilgen, committee chairman, at 255-2109 Mrs. Erik DeLinger at 255-0350.

Palatine Juniors Host Circle Ball

Who, where is shown. The girls are on a girls evening for the "Winter Circle Ball," given "Judy" Mrs. Robert Hill, Jr. and Mrs. Ethel Vukobrat, refreshment and ad hoc chairman for the dinner to be sponsored by the Junior Women's Club of Palatine.

St. Mark Women Hold Workshop

The ladies of St. Mark will hold a workshop at 3 p.m. Wednesday, Nov. 15 at the church to make Baptismal shrouds, ornaments for a "Shroud" at the Bethesda Home, shrouding dresses, making dish towels, and making bags for use in the mission field.

Homework for the workshop are Mrs. David Wilder, Mrs. Robert Schwabach, Mrs. Robert Smith, Mrs. Robert Newgard and Mrs. Vernon Schuler.

'Geisha Gala'

Original dress, hairpins and parade table decorations will carry out the theme, "Geisha Girls" for the annual benefit dinner of the Schaumburg Junior Women's Club Saturday, Nov. 11 at St. Andrew's Country Club, Rt. 59 in West Chicago. A prize dinner will be served at 8 p.m. followed by dancing to the music of the George Ormby Orchestra.

An adjacent room will be set up where guests may take part in Las Vegas style activities using play money with prizes available at the end of the evening for the lucky

arrangements for the dinner are under the direction of Mrs. Walter Wing, ways and means chairman. Program book and prizes will be handled by Mrs. Richard Farrell, secretary, Mrs. Frank Berlich and Mrs. William Seiger, decorations, Mrs. John Beher and Mrs. Gene London.

Proceeds from the dance are used for local charities, Georgia.

Suburbs To Be Topic

"Save Our Suburbs" will be the topic presented by Dave Rockwell, a executive director of the Northwestern Illinois Planning Commission, Women's Architectural League at 400 West Madison, Chicago. The league membership is open to all who live in Chicago and a wide suburban area.

What women wouldn't feel like a queen serving breakfast in this colorful nylon print robe, part of the collection shown at the Pi Phi's annual fashion show.

Women attending the sale and fashion show viewed this attractive knit dress and coat from Betty and Bob's in Burlington.

Sports-minded Pi Phis selected this pants suit from Betty and Bob's in Burlington as their favorite number at their annual fashion show and sale.

Homemakers to Hear Interior Decorator

Satellite II Homemakers will meet Thursday, Nov. 16 at 8 p.m. at the Mount Prospect Community Center. Mrs. Patricia Perry, Cook County assistant extension adviser home economics, will answer questions about furniture, harmonious decorating of basic art, principles of color, rhythm, balance and proportion. Election of 1968 officers is scheduled. The group will meet on Christmas Eve. Mrs. Curtis Rolfe of Palatine and Mrs. Daniel Kiner of Mount Prospect, will be hostesses.

Day at HOME

Tuesday, November 14, 1967

Page 3

Enjoy Busy Month

Girl Scouts in School Dist. 59 were busy and on the go during Oct. 31. Junior Troop 323 invited their mothers to their regular meeting on Oct. 31 for the observance of Juliette Low's birthday, the founder of Girl Scouts.

Brownie Troop 896 from Clearmont School had a hayride Oct. 28 at Arcadia Farm.

A trip to Morton Arboretum was enjoyed by 40 girls from Brownie Troops 557 and 593 Oct. 21. Junior Troop 923 from St. Zane's spent a weekend at Happy Hollow.

Cadettes of Troop 735 are planning trip to Springfield and Glenview Naval Air Station and a weekend at Camp Duncan Feb. 3. They have earned \$73 from a car wash and bake sale to finance their trip.

Children's Special

At the November meeting of the Burlington Child Study Group Dr. Billy B. Shurg spoke on "Encouraging Your Child to Use More of His Potential."

Refreshments were served by Mrs. L. K. Horn, Mrs. Richard Fahn, and Mrs. John Jany.

Mrs. Fahn and Mrs. Charles Winas, ways and means co-chairmen, announced plans for the 4th annual children's special—a full-length color, animated film "Gulliver's Travels Beyond the Moon," scheduled for showings at 2 p.m. Saturday, Dec. 2 at the Calver Theatre. All youngsters and chaperoning adults are welcome. For further information, call Mrs. Fahn 381-6114 or Mrs. Winas 381-6134.

Nine Lettermen Return

Grens Count on Experience

BY JIM MARKE

One of the days when Erik Grove could play a handful of varsity teams and fill out his schedule with jayvees. This year the Greenwold will lose varsity basketball season all the way.

Full time varsity play will begin with home games the first Friday night against New Trier West.

If the competition will be tougher this season, so will the Green. Nine of 10 lettermen will return from the team's worst 4-9 against varsity teams and 7-0 against the jayvees last year.

Dennis Jones has transferred to Palatine, but everyone else is back, including the team's leading scorer and leading rebounder. Two top

players from last year's jayvees should help out.

GUARD JOHN KNOEPF, who jumped to 11.2 points per game as a junior, lost on the squad, returns for another season. His backcourt mate will be Tom Pomeroy, who averaged 27 in 17 games. At the forward will be Bob Radtka and Bob Aronowich. The center will be Jim Opti. Opti scored as a 10 point and hauled in an average of 3.5 rebounds in 20 games, on average, on the team. Knopf's 110 boards in 19 games, an average of 5.7, was second last.

"The five you could consider our starting team as of now," said Coach Bob Rasmussen, who has a lot of lettersmen to experiment with.

Others looking for starting

roles are Jim Hoffman, Gary Pfeiderbach, Larry Paul and Bob Baumann. All played varsity ball last year. Up from one side are Jim Kozak and Frank Schuler, the top scorers among underclassmen. Kozak, the squad's biggest man at 6'3, averaged 15.5 points per game at the end of the season and averaged 4.5 points.

"He's probably be our first reserve in the front line," Rasmussen said.

"We have plenty good average size," the coach said, "but we're going to miss the big man."

Knopf is the smallest of the starters at 6'0. Pomeroy and Aronowich are 6'1 while Opti and Knopf are 6'2.

"Opti did a yoman type job for us at center last year," Rasmussen said, "but he was giving away too many free throws or to his man in every play."

The Green will try to compensate for lack of size with

a pattern offense that takes advantage of defense cracks. "We don't run a set," Rasmussen said. "We just play and let the defense make a mistake or something like that."

The offense isn't the Green's strong point however. Defense is.

"NO ONE'S going to score a lot of points off me," the coach said. "We play pretty tight defense. Last year we didn't give up a lot of points. Only 15 made 100 shots last year, but we had to be good."

Being a pattern offense, the Green's defense could be hurt by the change in the rebound. Under the new Illinois High School Association definition, a rebound ball may be called when an offensive player is clearly guarded in the mid-court area for five seconds. Even if the player is covered by a defender

Bob Aronowich tries to defend past teammate Tom Pomeroy during Greenwold practice session. Coach Bob Rasmussen says that defense again will be the Green's strong suit this year.

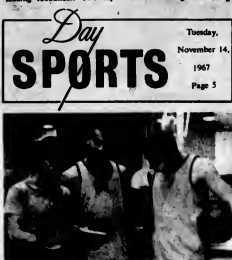

forever player after a defensive error, the five seconds are counted from the time he first is clearly guarded.

THE RULE is designed to increase the tempo of the game and his pattern offenses

the hardest.

"It could create some problems for me," Rasmussen said. "We'll just have to play a few games and see how they're doing. I think it's going to be a good thing."

The first few games for Erik Grove will be at home. New Trier West will come to town Friday with the jayvees preliminary beginning at 7 p.m. Adidas Trail will be the opponent on Nov. 23 and Lake Park on Dec. 2.

John Knopf displays the jump shot that earned him Erik Grove's leading scorer role last year. Knopf will be back at guard for the Green.

John Knopf displays the jump shot that earned him Erik Grove's leading scorer role last year. Knopf will be back at guard for the Green.

Surprise Long Time Coming: Gliwa

"We waited a little too long for that surprise," said Coach

Joe Gliwa of the last-second surprise that earned him a 12-8 win over Little Flower Saturday.

With a second to play, Dennis Pabuchki fired a fadeback John Wadell for a touchdown that gave the Lions a 7-2 season record, their best ever.

"IT CAME on our regular fan left pattern," Gliwa said. "Wadell went into the end zone and fell to his knees when he caught the ball to make sure that no one could reach around him to knock it down."

Pabuchki was under fire from some cheering Little Flower fans when he got the ball off, but it was a bullet, right at the end zone.

"I'm glad Dennis called the play that he did," the coach said. "Rather than going to his right, because he was throwing the ball to his left anyway."

For the day, Pabuchki completed 16 of 29 throws for 126 yards and a touchdown. On the season, he had 76 yards and a touchdown, for 270 yards. He just missed the 1,000 yard mark, surpassed

by just two players from last year, Steve Allen and George Bork of Arlington.

A PABUCHKI pass intercepted in the closing minutes almost spoiled down for the Lions. At the Little Flower 47, he left loose a floating line pass which Bill Richardson intercepted and ran back to the Varsity 22, hauled him down from behind. The Lions rushed the 14 before Dick Ayward snuffed out the threat with an interception of his own.

"That was the only tackle Pabuchki made all year and it couldn't have been better," Gliwa said. "After that we were able to stop them and come back to score."

With the Lions taking control of the 20, Pabuchki's leading the 89-yard march that culminated in the touchdown pass to Wadell.

Pabuchki was accurate with his throws the day. The Lions' interception was just the 12th made against the slim senior in 15 straight.

"WHEN HE intercepted that one, I thought it might

be all over," Gliwa said, "but the kids wouldn't give up and they came back."

That game was just a pre game, with spectacular plays by both sides and a critical last-ditch effort by our kids.

Only three weeks did Little Flower assemble serious threats to the security of the Varsity end zone. On one, the early minutes of the third quarter, they reached the six yard line before a fumble stopped them. Later in the period, the Lions scored, but that came on a quick 33-yard running play, not on a sustained drive.

"They may have realized that we weren't as big as they thought we may have been and decided they could run to us," the coach said. "But we were able to stop them when we really mattered."

The 7-2 season record is the best in the history of the school.

"We were three in the beginning and three at the end," Gliwa said. "No broken bad days, but I'm very happy with the way our guys played overall."

'VASCAR' Speed Timer in Use

A new speed-timing unit called "VASCAR" is being used by Illinois State Police. It was developed by William H. Morris, superintendent.

With VASCAR - Visual Average Speed Computer and Recorder - a trooper can measure motorists' speeds

whether he is parked or moving, whether he is following, approaching or preceding.

Morris said that the use of the equipment should make it easier to apprehend speed violators. The Illinois post, he said, is to reduce the severity of accidents.

Rally Cast, Four Family Affair

Four families are supplying nearly one-half of the cast of the St. James Theatre's "Rally Round the Play Boys," to be presented Dec. 1, 2 and 3 in the Round Theatre at Arlington High School.

The leading contributor is the Rick Janda family of Arlington Heights. Rick Sr., a theatre veteran and past president of the Best Off Broadway Players, portrays housekeeper Harry Hausman. Rick Jr., who appeared in "Ten Thousa Theatre" in "Sound of Music," plays the part of Charlie Moore.

Daughter, Vicki, a Junior at Sacred Heart of Mary High School and member of their drama club, plays Gloria Coleman. Another son, Phillip, a senior at St. James Jr. High, portrays preteenage teen Danny Benham. And teaching over the whole board during rehearsals is Mrs. Janda (Eileen) who is directing the production.

NICKY is the husband and wife team of Jim and Kathy Hall of Plainfield, Ill., who is Dr. Douglas. Mrs. J. High School is Arlington Heights, and who has produced and directed several plays, is cast as the upperclassman Lt. McGee. In the role of Grace Berkman is his wife, Kathy, who has had bookend stage experience in college.

Bill Lindsey of Arlington Heights, who has appeared in previous St. James productions, plays the part of Mr. Metcalf. His son, Ed Jr., a Junior at St. James Jr. High, is cast as a teen-ager named Fred.

Bill Alpers, Arlington Heights, who is a member of the St. James Theatre Group's Board of Directors and a veteran of previous productions, plays Prof. Metcalf. His nephew, Dennis Welch, who hails from Arlington Heights, will play the role of the driver. A male road trip (all cast members) will play the role of the driver.

Builders Asked To End Illegal Sewer Tie-ins

A Prospect Heights civic association president has appealed to area builders to stop constructing housing developments with illegal sewer connections.

Everett Kelly, president of the East Lake Subdivision, said he is a leader in the newly formed Prospect Heights Council of Civic Associations.

Prospect Heights residents are encountering a problem caused by these illegal connections, Kelly said.

According to the regulations of the Metropolitan

Sanitary Dept., builders are not permitted to cross-connect any portion of the storm or sanitary sewer. However, many homes have these cross-connections, Kelly said, even though the homeowners often are not aware of them.

HERMAN HANSEN, county building and zoning director, said that such connections are illegal. Hansen said that the problem is not limited to the city of Prospect Heights.

Private Utility Firms May Face State Investigation

BY LARRY WELLS

The possibility of a state-wide investigation of privately owned utility companies is the Illinois Commerce Commission has been informed of at least two areas.

Both Rep. Eugene Schickman (B-Arlington Heights) and Rep. David Raper (D-Mount Prospect), who would conduct about how local sewer and water

companies and the commission have arrived at rates. The Illinois Commerce Commission has been informed of at least two areas.

Both Rep. Eugene Schickman (B-Arlington Heights) and Rep. David Raper (D-Mount Prospect), who would conduct about how local sewer and water

Moreover, the groups say, they would require the companies to provide information on their ability to provide service. The Illinois Commerce Commission has been informed of at least two areas.

Both Rep. Eugene Schickman (B-Arlington Heights) and Rep. David Raper (D-Mount Prospect), who would conduct about how local sewer and water

needed on this project, but that he was not sure as to the investigation.

JOHN FREDET, president of the Fairview Utility Co., said he was told at a meeting at Mount Prospect that nothing could be done to improve the system in the interim. Fredet said, however, Village Trustee Robert Collier said that

the value of a utility was not based upon the original purchase price, but was based upon the value of the property it was in.

The Fairview Utility Co., Fredet said, was purchased a short time ago for \$180,000, but now the value of the property and water system had risen to about \$350,000. No capital improvements had been made to the system in the interim. Fredet said, however, Village Trustee Robert Collier said that

Metropolitan Sanitary District, said to be violations of district sanitary regulations. The district and area residents are trying to make the builder of the project responsible for the illegal connections in the sewer system.

CLARKS Utility Co. is situated between two villages and a group of residents who are trying to stop the company from re-

moving itself of any responsibility for flooding. Patrick Link, 1722 Woodview, said, "I'm leading the fight before the commission to stop the move by Clarks, which would give us no responsibility for any inadequacies in the sewer system."

FRANK called the "the best news I've heard in years."

Apartment Project Appears To Have Legal Green Light

BY LARRY WELLS

A public hearing has been held on Nov. 29 on the proposed multi-family dwelling to be built on the site of the Arlington Heights, north of Central, in Arlington Heights, but there appears to be little chance that the residents can do so.

The proposed development of five four-story apartment buildings will be presented to the public at the Arlington Heights Planning Commission meeting in

which the town council of one, two, and three bedroom apartments, along with recreational facilities, a swimming pool, tennis courts and a putting green.

ARLINGTON HEIGHTS Village Manager A. Hanson says the property was zoned for multiple apartments when the village annexed the land.

"The zoning is there," Hanson said and admitted that the property owner could go to court to get an injunction to let him build the apartments. Hanson said that the residents are expected to object to the development, but that the situation may be "bad news to some people, but that it was there all the time."

Project of Hanson said. He said the building will not be built until the town council has approved it. Hanson said that the residents are expected to object to the development, but that the situation may be "bad news to some people, but that it was there all the time."

HATLAND Heights is being held in check when the residents are expected to object to the development, but that the situation may be "bad news to some people, but that it was there all the time."

Hanson said that the residents are expected to object to the development, but that the situation may be "bad news to some people, but that it was there all the time."

Dist. 57 Caucus Picks Nominating Committee

BY LARRY WELLS

An 11-member nominating committee was elected by the General Caucus of Mount Prospect Dist. 57 on Tuesday night and is responsible for picking out, interviewing and recommending possible candidates for nomination on the school board at April.

Nominating committee chairman is Linda R. Lander, 120 S. Lander, who was a candidate for the school board in April. Other members of the committee include Robert Gault, 302 S. Albert, Mrs. Joseph Varn, 501 N. Prospect Manor, Robert Nory, 206 L. Hill, Mrs. Lloyd S. Jernberg, 511 N. Forest, Donald Langley, 114 S. Wagon, Martin Herring, 815 S. Elm, Ted Fischer, 905 S. Albert, and Steve Hoffman.

311 N. Wagon. Three alternates to the nominating committee were also elected. They are Mrs. Albert Waiswell, 104 S. Edward, Evelyn Adams, 108 N. School and George Schick, 514 S. Oak.

Residents of Dist. 57 are urged to submit the names of people who may be interested in running for nomination on the school board at April.

The committee will present at least one candidate for each of the four vacancies to the general caucus at a Feb. 13 meeting.

BY RICHARD CRABE

Leaders from Wheeling and Elk Grove Townships were elected to the Cook County Council of Governments held its organizational meeting Tuesday at the Blackhawk Hotel, Chicago.

John G. Woods, president of Arlington Heights, was named to head the committee on program and services. Woods, who is in Europe on a business trip, was represented by John J. Walsh.

Arlington Heights village trustee.

Daniel Conrad, president of Mount Prospect, was named to head the council's finance committee.

COUNCIL members with the Woods committee to handle the following projects: 1. County-wide program to cut down on the use of cars.

With Woods on the program and services committee are Mark H. Clavin, supervisor of Northfield Township, and Paul J. Palmer, District Commissioner.

Other members of the Woods committee are: J. D. Logan, superintendent of School District 203 of Thornton.

The Woods committee will hold its first meeting Nov. 29 at 10 a.m. in Room 521 of the County Building in Chicago.

CONGREVE committee on finances was urged to consider means for securing limited operational funds immediately and develop a permanent financing program by May 1, 1968.

Members of the Congreve committee are Dr. Donald Thomas, superintendent of Oak Park and Evergreen School Districts, and Robert Fitzpatrick, trustee of Oak Park and Evergreen School Districts, and Robert Fitzpatrick, trustee of Oak Park and Evergreen School Districts.

Congreve's committee will hold its first meeting Nov. 29 at 10 a.m. in Room 521 of the County Building in Chicago.

Civic Groups Declare Backing For Dist. 23 Referendum Sat.

BY ELIZABETH ALANNE

Several Proportional Rights civic organizations have agreed to support a referendum for a \$437,000 bond issue to build a new school in Arlington Heights District 23 on Saturday.

Mrs. Dick Sutcliffe, president of the Dist. 23 Parents Teacher Assn., said the PTA board has endorsed the referendum for a new school and is the leading financial support to the district.

about \$13 for each \$100 of annual income. For each \$100 of annual income, the value of the bond is \$125,000 and the amount of the bond is \$125,000. The bond issue will be \$437,000, additional tax for the first year will be \$13.00. At the annual valuation of the district, the tax will be \$13.00. The amount of the bond is \$125,000 and the amount of the bond is \$125,000.

The district board has endorsed the referendum for a new school and is the leading financial support to the district.

Unanimous formal endorsement of the referendum has been given by the board members of the Project Heights District 23.

The statement says in part: "The commissioners feel that a school at this site not only fulfills the promise made by the board at the time of land purchase, but also fulfills a need for a school in that area of Prospect Heights."

Gripe Of The Day

These who complain when others get back on foot. This is what we want: paper, gram, wood, etc., picked up.

BY MAXINE TYMA

A referendum for new members of the Arlington Heights District 23 board of public works is being held on Saturday.

about the proposed date of the referendum. "We have to be before the talk comes out," she said. "We think it should be."

A delegation of city hall residents appeared at the meeting to ask questions about the referendum.

Referendum Likely by Spring

BY ELIZABETH ALANNE

A RESIDENT of the Ivy Hill subdivision asked Council members and the board of the development to hold a referendum.

"We hope to have this resolved by next spring at meeting," Cronin said. He said the group had the meeting held on the fourth of the month and the referendum will be held in the spring.

Harry Curtis said he had been asked to hold a meeting in the spring.

Dialogue

"You're looking for a new job? What are you qualified to do?"

"Just about anything. I've worked my way up from a grade school janitor to director of an adult school for pre-adolescents."

"Oh, don't go. Here's an advertisement for a job that's just the thing for you. It's a wonderful opportunity. Good working conditions, excellent fringe benefits, guaranteed pension regardless of defect at post, a family enterprise to pass on to the kids."

"No, I wouldn't care for that. I might get ahead and then people would start to complain about my record."

"That's right. You wouldn't want to spoil a good thing. Well, how about this job? Smoking and Drinking Instructor. A never-ending challenge. Teach youngsters, handle the loose money. Give advanced instructions. It's suitable on a quit."

"Oh, I might get carried away with my own ideas. You don't understand. O.K., then, what about trying out for Foreign Adversity? For a long career in marketing big cream, doorknobs, shaving cream, etc."

"I don't see any of these things, and I couldn't honestly make anything I don't make."

"Uh, then, then how about

Professional Man-in-the-Street. Learn how to tell the politicians that you don't know, and earn a handsome fee. Extra money for re-counting your experiences with somnits, dog food and TV dinners. Advance quickly to Speeches for Your Government or Veterans' Chairman of the Paining Society."

"No, that's not too good, being a man-in-the-street doesn't sound very good. You could get trouble waiting to be interviewed."

"How would you like to be a Retail General? Retail now in the national program guarantees you a corporation of your very own."

"Uh, then, then how about

15 Students 'Rigged' for Air Waves

The biggest "hams" at Forest View High School are not necessarily in the drama department.

They have their own "rig" in the industrial arts department.

They are members of the Forest View High School Radio Club which meets each Friday at the school.

Although the 15 members are all students, the membership is open to the public.

Last summer the group participated in an international field day and a weekend campout.

The weekend was set aside for amateur radio operators in times of emergency.

Complete mobile communications were used and points were awarded on the number of contacts made.

The club placed 6th in the five transmitter class and was awarded high school to place in the division.

Club members have talked to other "hams" in Norway, Germany, England, Yugoslavia, Rome and Mexico.

The club was organized three years ago by club sponsor, Lee Thompson, industrial arts teacher.

Day by Day

The 'New Jerusalem'

By Catherine O'Donnell

IF SOMEONE takes stories from abroad seen a girl or if I want to report myself you must remember

our town, the Israeli Ministry of Tourism is set to everything that the country has to offer. Consequently we are much like the

cherry blossom season in a smooth pond. We took down but never took out the places where we would love to linger.

There is one thing certain, we would all love to come back and spend much more time here.

As soon as lunch was ended, we went back to the buses and our way to view the attractions of the "new" city of Jerusalem, which looked like the Greek Orthodox and the Armenian city.

The sudden twilight added a little bit of adventure to our visit.

We walked some distance through narrow streets that looked like the movie Casbah with its low, domed buildings, tin-roofed, hand-carved olive wood, silk, silverware, tin, barrels of spices, open air

market.

We were suddenly in the street with the immensity of the structure built over the spot where Jesus was born. We were told by Jacob not to give money to the little Arab, who surrounded him.

Some of them were selling

beads made of glass or of olive wood. None of them looked under but their clothes were poor.

ONE LITTLE girl attached herself to me. My mother, she said, looking at me with the most brown eyes you could imagine.

"What about your mother and father?" I asked her.

She turned out that those were the only English words she knew. She was the rule and slipped her a few

cents. I had acquired a friend. She grabbed my hand and kissed me.

No one from the Combined Fund in Arlington Heights had ever done that and I was really embarrassed.

IT WAS dark, very dark with only a few low light bulbs and I suddenly discovered that I shared the room with an Arab boy in his

shirt.

"Please, madam," he said indicating that I should follow him.

"Do you know where I'm going?" I asked.

"Please," he repeated and he hurried off with me at his

heel.

As we hurried through the stone underground level and up the stairs we went through the narrow where I had

left my camera.

THEY WERE not only out they were gone.

"Whoo!" said I to my young guide.

The priest was surprised to see me again and in answer to my "Where are my candles?" he said, "It's closing time. Five o'clock closing time," he repeated. "The church will burn down if the candles stay lit." He no longer spoke English.

It was five o'clock but the church was all alone. I hope that was the reason the candles were out.

Please, madam, my volunteer guide, "closing time."

I ran after him, he put his hand on my back and absolutely refused to accept any money.

He came up with my friends. It was such a feeling of mist and fog. I know I have to go back and find out more about this place.

THAT EVENING we were the guests of the Minister of Tourism of the Holyland Hotel. It was an elaborate and elegant affair. The tables were covered with white linen and trimmed in gold tinsel. The music was faded so that they stood at least two feet high in front of each setting.

The Minister explained the situation to remain stable and to the country to welcome any tourist. He is interested in the story about the group that was visiting Israel from the United States.

This week we have the girls of the Hadassah," he said. "I don't know why but they like to call themselves 'girls' so I will say nothing to change that name."

WHEN THE trouble of last week reached the American press, the hearing of our lady called from New York.

"Come home at once," he demanded. "They're shooting in the Blue Canal."

"Oh, Canal?" she asked, "where's that? I'm in the hotel swimming pool and nobody's shooting. So they say."

Harper Service Award

As part of increased involvement in surrounding communities, the Harper College Board of Trustees has initiated a distinguished service award, to be presented to an outstanding person who lives or works in the college district.

The award, suggested by the board, was presented to a member of the Arlington Heights community, who has been an active and successful member of the college's community service program.

The first commencement will be held in 1969. Those who are interested in being considered for the award should contact the college's first year.

THE RECIPIENT of the award will be a person who has made an outstanding contribution in his professional field or for the betterment of the community. There would be no limitation on the type of contribution or field of work in which the person is involved.

Suggestions of appropriate candidates for the award may come from among board members or will be accepted from residents in the college district. Recipient of the award must have unanimous approval of the board.

Johnston was designated board approval of a second year. The award was presented to the Harper Faculty Award for Outstanding Contribution to the Community College Fund.

Nominations for this award should come from a faculty member or a selection committee of faculty members.

JOHNSTON suggested the criteria for this award be an outstanding national contribution to furthering development of the community college movement.

The recommendation for this award was referred to the Harper faculty for their study.

Mention of the occasion would be given to both recipients and Johnston who suggested that the fact award include a substantial cash prize.

Establishment and continuation of the award would indicate the seriousness with which the college is dedicated to its role as a community college.

Harper College serves White Plains, Elmhurst, Schaumburg and Palatine locations and Barrington.

Rummage Sale At Kingswood

A rummage sale offering value and variety sponsored by the Women's Society of Kingswood Methodist Church, 1811 E. Chandler St., Arlington Heights will be held in the Community Room of the Rasmussen Shopping Center in Buffalo Grove from 10 a.m. to 5 p.m. Friday, Nov. 15, and Saturday, Nov. 16.

Area bargain hunters will find toys, baby linens, furniture, housewares, clothing and appliances including a washing machine and a working electric range.

The sale is the only fund raising activity planned by the Women's Society of Kingswood Methodist Church, now beginning its 5th year, serves the Washington Grove and nearby Arlington Heights area.

"I knew it wouldn't take them long to find out about turtles!"

A Tax Loophole That Needs a Plug

The average American taxpayer has to be the most generous soul on earth.

Each pay day, he donates a large chunk of his earnings to the government in the form of a withholding tax. He never sees this money. He is so used to not seeing it that he doesn't even consider it to be his own.

Each April, he submits a formal accounting of his previous year's income in the form of a tax return. He never sees this money. He is so used to not seeing it that he doesn't even consider it to be his own.

Each April, he receives the accolade of the Internal Revenue Service as the best little taxpayer in history.

And rightly so, for he knows that the welfare of the nation depends upon his hundreds of dollars, multiplied by his millions. Because he cares about the welfare of his nation, he is ready and willing to pay no tax whatsoever.

But our average taxpayer has to be a little selfish. It almost appears as if he doesn't want anyone else to help in supporting the country.

He expects sympathy for the poor fellow with a seven-figure income, who, in theory, is liable for a 60 per cent rate—even though he never pays past that much and there are at least a half-dozen millionaires who pay no taxes whatsoever.

He seems unconcerned, judging by his silence on the matter, that more and more wealthy individuals are avoiding their fair share of income taxes through such schemes as setting up "foundations."

According to Rep. Wright Patman, D-Texas, who Small Business Subcommittee is investigating this area for the sixth time in 13 years, private foundations and charitable

trusts have proliferated by the tens of thousands.

There are now organizations, Americans Building Constitutionally, which charges "tax producers" tax-exempt foundations for a fee.

A prime example is a physician in Aurora, Ill., who hosted himself quite effectively from the ravages of the IRS by setting up a foundation for "medical research."

The doctor still practices the same as always, but his patients pay their bills to the foundation, which pays the doctor a salary. The doctor's house, car, retirement benefits and insurance also come from the foundation.

Patman's goal is not to eliminate private foundations. He wants to make them pay their share of the tax. He wants to make them pay their share of the tax. He wants to make them pay their share of the tax.

Old Stars Gone, Prospect's Basketball Squad Rebuilding

Prospect will be a team of question marks this year following the graduation of four top-notch players from last season's 18-4 team.

Cuts are now big news — to Jim Lindstedt, Dave Kingman, Clyde Whitcomb and John Phillips.

What remains is a squad of players who are off and on the team, and a number of action last year and some big men from the previous year.

Five juniors are back — Bruce Leonard, Jim Gorman, Forrest Hickey, Mike Anderson and Gary Andrews. Leonard and Hickey are the longest on experience, having started most of last season. Hickey and Andrews also were in for the opening up on occasion.

Optimist Club To Honor Club Runners Tonight

Arlington High's state championship cross country team will be honored by the Arlington Heights Optimist Club tonight at the Cornucopia during a program which begins at 7 p.m.

Joining them will be two newcomers from the University of Georgia, George Timmon, 6-5, is the team's leading scorer, but presently is starting a sprained ankle in his place, 6-2 John Green will start.

Another newcomer to the varsity is 5-10 forward Bruce Timko, the squad's only freshman.

The new will open its season Friday night when it travels to Liberty.

Captain Dick Kinnaman is sure about a starting line-up, but there are some good bets. Leonard probably will team up with forward with Gorman or Anderson. Green likely will be at center Friday with Hickey and Andrews in the backcourt.

"We're going to have a lot more balance than we had last year," Kinnaman said. "We won't be one of those one-man teams. All of them are going to have to do the job."

Coach Dick Kinnaman is sure about a starting line-up, but there are some good bets. Leonard probably will team up with forward with Gorman or Anderson. Green likely will be at center Friday with Hickey and Andrews in the backcourt.

Prospect's speed would be a little better this year and that the team will do some more running.

"We'll fast break when we can," Kinnaman said. "We'll get into the front court well down a little and set up our pattern."

He said that the rebounding, handled only by Leonard and Kinnaman, in days gone by, will be uncertain.

"We're going to have to prove it," he said. "We were pretty good last year, but we won't know until we see these kids in action."

After Libertyville, the Knights will come home to play Males South on Wednesday, Nov. 22. Midwestern League competition will begin Friday, Dec. 6, when Canton comes to town. Other teams on the schedule are St. Viator, St. Ignace, St. Mary's, St. Joseph and St. Francis.

The Knights again will visit the Phoenix Holiday team. Among others entered will be Allamont, Bloomington Central, Springfield and Winamac.

Vote Deadline Near

Let's get on the stick, you Sunday morning quarterbacks.

The Day's area high school grid poll needs your votes for our first annual all-star team.

You may vote for one player or 22, provided that you specify the player's position and whether you are voting for him for offense or defense or both.

Votes must be delivered by Nov. 19 in person or by mail to Day Sports, 217 S. Arlington Heights Rd., Arlington Heights, 60005. Please include your name and address with your vote.

Scoring Leaders

Have Mats, Will Grapple

Falcon Wrestlers' Grind Begins

BY RALPH NOVAK

How many high school boys do you know who would be willing to spend the next 12 months on a grueling, physical exertion called by 12 months of non-stop wrestling?

FOREST VIEW wrestling coach Hal Henson knows 130 — all of them candidates for the Falcon 1967-68 wrestling team.

Henson said Tuesday that about 4 of the wrestlers — including five veterans of last year's varsity — are working out with his varsity and junior varsity group.

But despite the fact that regular Mike Abertog, John Martin and Bob Savoy and Brian Wolf are back this year, Henson refused to commit himself to an opening roster for the Falcon's first meet, against Deerfield at Forest View Nov. 22.

"We've done a little wrestling, but we just started last Monday (Nov. 7) and the boys aren't really in shape yet, so it's still too early to tell about a lineup," Henson said.

"Right now we're worried about conditioning — it doesn't help to know how to do something if the body can't get it out," he said.

FOREST VIEW finished third in the district meet last year, behind Arlington at Wheeling.

Savage, a football co-captain along with Dick Schmitt, was the district heavyweight champion, but was eliminated in the first round of the regional tournament at West Leyden.

MARTIN, a regular last year in the 103-pound class, will probably wrestle at 112 this season, while Abertog, the other varsity starter, may move up from 95 to 103, Henson said.

Wolf will move some action at 120 pounds in 1967-68 and Drencher will be 180.

Graduation cost the Falcons three district champs. Steve Deffen (120 pounds), Bob East (135), and Ray Vitis (145). Vitis placed fifth.

Wolf will move some action at 120 pounds in 1967-68 and Drencher will be 180.

in the state tournament at Champaign in February.

"We've lost some boys, but we're still going to be tough at a lot of weight," Henson said.

"Good, good, now just think that eating and getting three meals a day," Henson told him. "Just make sure you never get full."

Then he turned to Mike Wadon, a junior who had just made his debut in the coaches' room to report that he had lost five pounds on his first day of practice and was down to 105.

Scott Green, right, demonstrates how to work two blocks of the same size as he catches Frank Cornwell's camera.

During the building tour at St. Emily's School last week, Henry, more pictures on Page 2.

Laseke Asks for Raise In Garbage Pickup Fees

Comparison of Costs for Refuse Disposal

YEAR	PROJECTED POPULATION	AVERAGE CUBIC YD. CHARGE	AVERAGE COST C.Y./YR.	SAVINGS C.Y./YR.
1966-67	52,500	8.07	82.08	8.10
1970-71	62,000	.76	2.08	1.02
1972-73	62,700	.66	2.18	1.46
1974-75	70,800	.57	2.19	1.61
1976-77	73,300	.52	2.15	1.65

The chart, prepared by the village's engineering department, shows how much Laseke Disposal Co. would save if garbage is disposed of at Arlington Heights' own landfill. When the chart was prepared in January, 1967, Laseke was disposing of approximately 8,000 cubic yards of garbage per month.

THE QUARRY is expected to serve as a dumping place for 15 to 20 years. After that it may be converted to a recreational area.

ACCORDING to an estimate by former trustee Tom Haden, Laseke included in his expense accounts all the time that such as churning, flowers, American Express and other contributions.

STANDARD-WIDE distance to Waukegan is approximately 100 miles.

IT HAS BEEN estimated by the village's engineering department that a local landfill, owned of the service, would save Laseke \$1.00 per cubic yard of garbage.

IN NOV. 1966, proposed for a price increase, Henry Laseke, owner of the service, asked for a 65-cent monthly fee. The village offered 25 cents and they settled at 35 cents.

Henry is master of Pierson County Board of Education members, including his own son, John Hersey, "Hershey" and "The Child" by the name of the other for assigning. The books will be placed in a box at the corner of the school.

THE high school, built at a cost of more than \$7,000,000, is scheduled to open in 1968.

MINY Tracy was killed by a truck when he failed to stop for a red light.

MINY Tracy's car crashed into a building on Highway 155 after the impact. No damage was reported to police.

THE FIRST part of Riley's development indicated the layout he intended for his water and sewer lines, but no provision was made for running the sewer lines.

RILEY now has had an engineering study of a second lot within the proposed Creekview development and plans have been made to a street the same, to about 700 feet from the common border.

ATTEMPTS at reconciling differences between local developers Albert Riley and Ronald Pettit were made last night in a meeting with Rolling Meadows Mayor Roland Meyer and City Atty. Donald Ross.

THE most recent difference arose from Pettit's demand to get cementation for water and sewer lines to the city of Rolling Meadows.

THE pre-negotiation agreement Pettit had required the city to provide cementation for water and sewer lines to the city of Rolling Meadows.

IT IS questionable, then, whether the city of Rolling Meadows is responsible for continuing the lines of the rest of the city to provide running all the way through the property if he does not intend to provide them.

IT IS questionable, then, whether the city of Rolling Meadows is responsible for continuing the lines of the rest of the city to provide running all the way through the property if he does not intend to provide them.

Second Robbery Arrest

A second man has been arrested and charged with the robbery of an A & P Food Store in the village.

John Vitain, 31, of Riverdale, was arrested by police Wednesday after Paul Furlong, manager of the store, identified him as the person who had robbed the store.

Vitain was being held by the Police Department in connection with a robbery in the store.

When he was released on bond from the Police Department he was charged with armed robbery.

Vitain is free on \$10,000 bond and has the same court date.

Thursday, Arlington Heights Police arrested Donald Ramsey, 32, of Villa Park and charged him with armed robbery of the store.

Ramsey also is free on \$10,000 bond and has the same court date.

Gripe Of The Day

Inconceivable people who complain about the cost of labor, materials or anything else, but who will not pay for it.

WORLD REPORT

Three Dead In Hotel Fire

By United Press International

A pre-dawn fire today on the fifth floor of the Clarendon Hotel, an old brick building on the North Side of Chicago, killed three men and injured six others.

The dead were identified as Herman B. Hovine, 46, of 4401 North Dearborn; Thomas Hovine, 46, of 4401 North Dearborn; and a Mexican in his 40s, and another man about 40.

The injured were William Simon, 32, Elmer Gerhardt, 71, Ade Bell, 57, suffering from a heart attack, and John Litzotte, 22, who suffered second-degree burns on his head and face.

The fire started in a rooming house on the fifth floor, where a man was sleeping.

Word Game

NEW YORK - Vice President Hubert H. Humphrey challenged business leaders to a word game. The game was to be played on a grid of letters, with the winner being the one who could find the most words. Humphrey said that he had won the game and that he had found many words.

Humphreys Asks Businessmen To Help Progress

NEW YORK - Vice President Hubert H. Humphrey asked businessmen to help progress. He said that he had a plan for the future and that he needed the help of businessmen to make it a reality. Humphrey said that he had a plan for the future and that he needed the help of businessmen to make it a reality.

Dist. 214 Delays Selection of Bus Service Contractor

The selection of a transportation contractor to school bus bodies in District 214 has been postponed. The delay is due to a number of factors, including the need for more information and the need for more time to make a decision. The selection of a transportation contractor to school bus bodies in District 214 has been postponed.

Convent Member Frank Berg

Convent Member Frank Berg said that he had been selected to be a member of the board of directors of the school. He said that he was honored to be selected and that he would do his best to serve the school. Convent Member Frank Berg said that he had been selected to be a member of the board of directors of the school.

Obituaries

Ferne Bolinger

An inquest into the death of Mrs. Ferne S. Bolinger, 60, of 2145 E. Harrison, Mount Prospect, is scheduled for Friday morning at the LaSalleburg & Oehler Funeral Home in Arlington Heights.

Mrs. Bolinger died Wednesday to Exton Hospital where she was taken after a fall in her home on Tuesday.

She was a resident of the village for 20 years.

She is survived by her husband, William E., a son, E. Randall of New York; her mother, Mrs. Alice Sogge of Pennsylvania, and a sister, Mrs. Violet M. Huggins of Pennsylvania.

Visitors may call at the LaSalleburg & Oehler Funeral home from 7 tonight until 8:30 Friday night.

Contributions may be made to the Arthritis Foundation, Illinois Chapter, 159 N. Dearborn, Chicago. Flowers also will be accepted.

Treasure Island For A Day

Treasure Island for a day will be the transformed setting for the transformed meeting of the North Shore when the 7th annual 'Treasure Island' is held from 10 a.m. to 4 p.m. Saturday, Nov. 18.

In addition to a variety of games, Private Pete and his treasure chest and a pirate's crew speak hours, there will be hot dogs for lunch, cotton candy and soft drinks.

Left - Private Pete has been brought back from his watery grave to guard his treasure chest at the North Shore 'Treasure Island' to be held Nov. 18. Helping to discover him are Edith and Bob Griffin. Bob Griffin plays the part of Private Pete.

"Tracking the English to solve the problem that confounds our members (from left) - Doug Dinsbury, Steve Smith and Beth MacDonell, at the Arlington High School production of "Pygmalion" is presented Thursday, Friday and Saturday. The Thursday performance will begin at 7:30 p.m., and the Friday and Saturday performances will begin at 8 p.m. in the theatre of the school.

Wheeling High Spur Club Fall Awards Night Tonight

The Wheeling High School Spur Club, the parent booster organization, will sponsor a fall awards night this evening. The program will include a pot luck dinner, an assembly, and the presentation of athletic awards.

John Fedyk, vice president of the club and purveyor of the club is to be honored as an outstanding athlete of the school and male operator of the school and male operator with the director and his staff.

No Nightmare
Not a nightmare, but a real home greeted the eyes of Mr. Burcher, 1613 W. Algonquin Rd., when he awakened yesterday morning. He looked out his window and saw a horse, with which he was not acquainted, standing in his yard. After having to convince himself and his wife that the horse was in the flesh and not the mind he called Rolling Meadows Police.

Rolling Meadows referred the case to county police, since Burcher lives in an unincorporated area between Rolling Meadows and Arlington Heights. Until the owner is found, Burcher told police, the horse will be kept in the barn behind his home.

Rolling Meadows referred the case to county police, since Burcher lives in an unincorporated area between Rolling Meadows and Arlington Heights. Until the owner is found, Burcher told police, the horse will be kept in the barn behind his home.

Easements

(Continued From Page 1)

When, in three years, (if the district) Dec 1 referendum passed it comes time to build a school in that area, and the board of education decides to use the wooded site, the road may be strategic.

Of the 16-acre site Riley had previously designated in Cretaceous for school use. Meyer said it has been subdivided into a parcel of about 10 to 20 acres of his land for the construction of Adult Village.

Meyer said nothing definite was accomplished at last night's meeting, but "progress is being made."

A Time To Remember Who We Are

Let us be grateful for our heritage. For a little pride is the wellspring of courage. Let us endure unflinchingly whatever sacrifices we are called upon to make to defend our free institutions from the night of communism, which is bent on undermining our faith in ourselves. Let us rely not only on the gold in our vaults, but the iron in our blood. And let us cling like ivy to the faith of our fathers until, in God's good time, all men are free.

Lot Reasoned For Shopping

A dining room of the Arlington Heights Plan Commission last night voted the rezoning of a one-acre lot from one-family dwelling district to a shopping plaza. The lot is located at the corner of Euclid and Kensington, if rezoning were extended.

The commission passed the board of trustees a favorable recommendation with five "yes," four "no" and two "pass" votes. They also attached certain conditions to the recommendation.

The rezoning approved the rezoning, the plan would consist of a "convenience" level. Tea and services such as a baby shop and a dry cleaning establishment.

Contest: Michael Callahan lunges with his Sunday punch and catches Bill Fitzgerald off guard with a great shot to the head. The fighters are both in fifth grade.

POW!

St. Emily's School, Mount Prospect, presented a benefit performance last week, including a series of boxing matches. Purpose of the demonstration, according to the school's principal Sister M. Valentine, is to emphasize the need for physical education because it helps "boys and girls learn to accept help as well as to offer it, to develop their bodies...and their character, too, to learn good sportsmanship and to accept graciously both defeat and victory."

Photos by Dan Balas

Standing your ground and staying it out is the John L. Sullivan tradition seems to be the approach of these two fly-weight contenders. David Kaponka (left) and Mike Fabiani, but by the size of their gloves, it may have been a pillow fight.

ABOVE - Talk about brute determination! Francesco David Weiss (left) looks ready to eat Robert Thomas' steak. But more Thomas's point of left foot... Both fighters are in fourth grade.

Left - When! Robert Towle (right) looks relieved that Richard Abel's stylish rumormongering didn't connect. What? Same. Both are third graders.

Dialogue

"Yes, we have noticed the reports about how the Illinois Agriculture Department has taken action against some steel plants in the state because of their conditions." The state acted after a United States Senate subcommittee was given evidence regarding conditions in the Land of Lincoln.

"I thought you women's committee would be about this. I thought we had a very good idea."

"We did not, until we had the experience of dealing with the Illinois Agriculture Department a few months ago. We got the impression they take action in direct proportion to their own estimation of your importance."

"How did you arrive at that conclusion?"

"Early in September, we noticed that the steel mills in the state were producing steel in the area had been issued and approved for recovery in the state. We found a steel mill that had been closed in 25 years."

"We learned that the agency which takes care of steel inspection and approval is the same one that is now involved with the steel inspection controversy."

"We first got into a prospective state owner and we learned a policy was in course."

"We called John Bailey in Springfield. He's the acting director of the division of

steel, fertilizers and standards, of the Illinois Department of Agriculture. That's the department responsible for the steel mills."

"We talked to Bailey on Sept. 21, and he seemed to be very cooperative. We checked every place we had been told was closed. We found that the steel mill was closed in 25 years."

"We learned that the agency which takes care of steel inspection and approval is the same one that is now involved with the steel inspection controversy."

Curtain Goes Up On "Savage" Friday

An evening night for the "The Curious Savage" by John Patrick draws near, the cast and stage crew members of the Northwest Community Hospital Players are becoming tense with excitement. The curtain will rise at 8 p.m. Friday, Nov. 17 at 288 Green High School, 500 W. 18th Avenue. After the "Savage" performance, champagne dinner will be given at Isaac's Club. Additional performances will begin at 8:30 p.m. Nov. 18, 24 and 25.

"The Curious Savage" is a comedy, suspense, drama, great deal of action and the first of a real challenge to the different characters. One of the really "different" characters will be played by Mrs. Eugene Barnes in the role of Florence who will attempt to upgrade a doll. Mrs. Barnes is director of volunteer services at Northwest Community Hospital.

MRS. DACHS

Mrs. Steven Dachs will portray a most exciting role as she plays Lily Belle, the "other kind of woman." Mrs. Dachs, operating room supervisor at the hospital, will play the part of a spoiled heiress, obnoxious, immature woman who will fight.

MRS. BARNES

Martin J. Rodden, casual supply supervisor, she has been directing amateur productions for over 20 years. Tickets may be purchased from Mrs. Frank Carter C-9-2004 or Mrs. Melvin Gilbre 392-3851 or at the box office each night of the performance. The play is directed by Mrs.

Neil Shenn and Charles don't any eye to be a home scene in Neil Shenn's "Old Couple", currently running at the Candlelight Dinner Playhouse.

By RONIA JOHNSON
If your husband has difficulty finding a place for lunch, where food and service are good, a place that isn't too far, here are some suggestions.

SCANDIA HOUSE on R. 1 & 2nd St. is a new Prospect Plaza, has good atmosphere, but service is a little over 11, each day. However, no cocktails are served here.

BLACK STEAKS on Rand Road just south of R. 12, has reasonably priced lunches with a good selection daily. Also, no cocktails are served.

THE BLACK FOX Holiday Inn in Hagley Meadows, has lunch specials daily at average prices which are generally average from \$1.25 to \$2.50, depending on your selection.

OLD ORCHARD CLUB serves a lunch buffet which they call The Chuck Wagon, on Thursday only. This has delicious roast beef, ham, chicken and accessories for \$1.55. Other days there are two lunch specials daily and one each night about \$1.50.

HOLIDAY INN on Main Street Road has a lunch buffet daily with a good selection of food at \$1.85. For those who want a bit, holiday-inn has a special **BRASS RAIL** on Main Street Road which includes daily lunch menu which includes daily lunch menu, average from \$1.75 to \$3.50. Here is a good place to eat if you have to get out about 11:50.

MATRYED in Elk Grove Village has daily lunch specials with ample portions for about \$1. The standard menu contains the general selection of sandwiches and meats.

CONRAD'S on Rand Road has fine Italian food and the daily appetizer buffet. On Wednesday they continue with their regular buffet show at noon.

UNCLE ANDY'S COW PALACE on R. 14 in Palatine has both lunch and dinner of ample assortment daily. On Wednesday the ladies might be interested in their fashion show.

LANDER'S HEVAT CHALET on R. 72 off R. 13, gives you a choice of lunch or dinner. The Beef and Barbecue for those who like lunch, and the main dining

room for a more leisurely lunch. They have a good selection of food.

THE CANDLELIGHT at Arlington Heights has a good selection of food, but service is a little over 11, each day. However, no cocktails are served here.

Benefit Theater Party

The Mount Prospect Business and Professional Women's Club is having a benefit theater party Thursday, Dec. 7 to see the premier performance of "Gone with the Wind" at the Chicago, 180 N. Dearborn, Chicago. Proceeds from the sale of tickets will benefit the BPW's education and its philanthropic projects.

A luncheon by Dorothy Farnham will be held Nov. 19 at the Pick Rathbone Hotel. It will be a most interesting and educational experience and open to all. Reservations are \$10.00 per person, including dinner. Call C.L. 5-0913 for further information.

TICKET REQUESTS should be made with Mrs. Alice Platt, 1701 East Olive, Arlington Heights (233-1349). For bus reservations, call Mrs. Ruth Aronson, 250-1129.

A luncheon by Dorothy Farnham will be held Nov. 19 at the Pick Rathbone Hotel. It will be a most interesting and educational experience and open to all. Reservations are \$10.00 per person, including dinner. Call C.L. 5-0913 for further information.

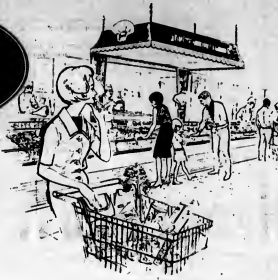

Harper Students Use Hospital Facilities
Twenty student nurses from William Raikes Harper College will use the facilities of Northwest Community Hospital for the required clinical experience in the Associate Degree Nursing Program.

Furthering the professional education of student nurses in a matter of vital interest to the hospital, the advance between the hospital and the goals of community college education provides the type of nursing education which will not only reflect the needs and needs of the community, but also reflect the needs of the hospital.

Unlimited Safety Tax New Boon for Schools

BY ELIZABETH ALANNE

More than 100 laws related to school district and education were passed by the 75th Illinois General Assembly. Several have a direct bearing on local school districts.

Most important, District 77 and Prospect Heights District 23 will benefit from a law which increases the liability code tax for as long as it is needed instead of a three-year limit.

Supt. Eric A. Sahlberg says District 27 now realizes about \$40,000 a year from this levy but would have been limited to a \$120,000 total if liability code expenditures exceeded this amount, added Sahlberg. Additional funds would have to come from the district's bonding fund, he said.

"Under this new law, the district can continue to use the tax until all liability code expenditures are paid for, even though it may take several years," said Sahlberg.

School districts may levy up to \$10 per \$100 of assessed valuation for liability code expenditures. Under Illinois law, public schools have been used to construct or renovate liability code buildings, requiring additional funds. Under this new law, the district could avoid this cost, depending upon the number, size and age of buildings.

and offer various types of insurance, including life insurance, which the buildings are actually insured for only a month or two.

OTHER problems mentioned by Sahlberg is regard to a four-quarter system for

12 months new construction school districts in the State. He did not mention that the new law would allow school districts to pay for insurance with local funds.

Prospect Heights has done considerable study of a 12-month plan but has not decided on this plan, Sahlberg said.

Listed In Student Who's Who

Paula Bloemquist, daughter of Dr. and Mrs. Paul Bloemquist of 2102 Verde Dr., Arlington Heights, is one of 16 students at Illinois Wesleyan University in Bloomington to be listed in "Who's Who in American Colleges and Universities."

Miss Bloemquist, is a senior English major and was graduated from Arlington High School.

Camper Group Meets Monday

The Rolling Meadows Family Camping Area, will meet Monday, Nov. 20, at 8 p.m. in the meeting room of the Bank of Rolling Meadows.

The association is open to all campers in the area. Further information is available at the Rolling Meadows Post Office, 392-4380.

Ground To Be Broken For New Lutheran Church

BY RICHARD CRABB

THE DEVELOPING of the new church will be the first of the new buildings at the site of the first service of the new church. The dedication of the new church will take place during the week of the first service. The organization of the new church will be held on the same day.

Ground will be broken for the new Lutheran Church at Rand Rd. and Kaneland.

The church will be the first of the new buildings at the site of the first service of the new church. The dedication of the new church will take place during the week of the first service. The organization of the new church will be held on the same day.

As soon as building plans are completed, a pastor will be selected. The responsibility is handled by the president of the Illinois District of the American Lutheran Church, Dr. Paul Ruge, regional director of the Illinois District of the American Lutheran Church.

This group named the first pastor of a new church and also named a church and a pastor to be designated.

WORK is beginning on the first of three units that will be located on the church site. The first unit will be completed in February. The church is also creating a permanent home for the church.

After the church service the adults meet for a cup of coffee. After coffee the adults go to the church service. The church is also creating a permanent home for the church.

With good weather, the first unit will be completed in February. The church is also creating a permanent home for the church.

At the time a pastor is appointed, a professional pastor will be selected. The responsibility is handled by the president of the Illinois District of the American Lutheran Church, Dr. Paul Ruge, regional director of the Illinois District of the American Lutheran Church.

THE AMERICAN Lutheran Church, established in 1960 when several Danish, Norwegian and Swedish synods merged, had a long plan for establishing a church. Although there is a present no congregation in the area, the new church building is being erected. The church will have only one year to build a new building, fully equipped and with an operating budget all provided before the first member has been enrolled.

Generally, the first service is conducted about a week after the new church is dedicated.

Arlington High Remodeling To Begin 'Soon as Possible'

Remodeling of Arlington High School was awarded to the P. H. Smith Co. for \$120,000. The heating contract of \$120,000 was awarded to the James-O'Brien Co. and the electrical contract of \$67,722 was awarded to the Dwyer Brothers Co.

All contractors selected submitted the lowest bid in competitive bidding. The total cost does not include the architect fee, said Kenneth Unsted of Berger, Krill, Johnson, Pappas & Assoc. He estimated the fee to be less than 10 per cent of the total cost and time and material costs.

BUGS BUNNY

Your Horoscope

SCORPIO (Oct. 24 - Nov. 23) - Let your intellectual curiosity lead you into interesting paths of investigation. A good day for the open-minded.
SAGITTARIUS (Nov. 23 - Dec. 21) - Turn your attention to those matters which both interest you and are of value to your personal relationships.

CAPRICORN (Dec. 23 - Jan. 20) - Don't put off until tomorrow what you can do today. Do some real work and refuse to dabble just to appear busy.
AQUARIUS (Jan. 21 - Feb. 19) - Use your inherent sense of discrimination as you choose the day's companions.

PISCES (Feb. 20 - Mar. 21) - You could gain much through the application of your mind and heart to the problem at hand. Forget material considerations.
ARIES (Mar. 22 - Apr. 20) - Avoid becoming involved in matters which do not in some way serve your larger goals.

TAURUS (Apr. 21 - May 21) - A day which may bring adversity requiring more than a little courage on your part if you are to overcome it.
GEMINI (May 22 - June 21) - The Gemini who thinks and acts for himself should know more success than he who depends upon others to direct him.

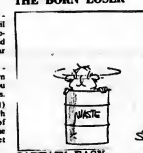

CANCER (June 22 - July 23) - Morning misadventures should not be allowed to color the entire day for you.
LEO (July 24 - Aug. 23) - Don't allow criticism from others to cause you to have a change of mind or heart when it comes to matters already decided on.

VIRGO (Aug. 24 - Sept. 23) - You may have to fight your way through to the desired today, but it will be worth it in the long run.
LIBRA (Sept. 24 - Oct. 23) - What you have saved against a rainy day may well come in handy.

ROLLING MEADOWS

"Progress Through Participation"

Rolling Meadows was incorporated in 1955 with a population of just over 8000.

Today 17,654 inhabitants now enjoy the pleasant environment of this youthful community, 69 per cent of population being under the age of 21 years.

Soon after World War II, Kimball Hill, a real estate developer, looked about him and saw countless young couples with no housing facilities available to them except for dingy quarters in the crowded city. He envisioned a whole town of modest homes within their financial means to buy and their physical abilities to maintain.

Looking about for a site, he discovered the rolling meadows of the farmlands stretching southward from Arlington Park race track. The area was being by-passed by subdividers scrambling for the post-war boom profits who preferred using existing municipal and transportation facilities.

Mr. Hill prepared a blueprint for a complete city, setting aside areas for commercial and industrial development, sites for schools and churches, curvilinear streets for safety of small children playing, sewer and water facilities.

He named his dream city "Rolling Meadows."

Downtown Rolling Meadows offers complete shopping facilities, business and professional services, and entertainment media, compactly grouped around central parking areas.

Industry plays an important role. It provides jobs close to home, but of even greater impact on the municipality is the large share of the tax burden which industry shoulders.

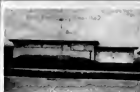

HOME BUYER'S GUIDE

REAL ESTATE & BUILDERS

NOSTALGIC ECHOES of the plush, sophisticated 'Thirties' in the dramatic simplicity of glass and gleaming chrome against vari-textured whiteness of walls, carpeting and over-sized tufted sofa, but the materials used by Designer Ving Smith, A.I.D., to create this champagne setting are strictly the practical reality of today. Upholstery and wallcovering fabrics are tough, soap-and-water washable Neophrayde. The fragile looking beauty of the thick white carpet by Alexander Smith is constructed of Polycrystalline fiber - stain-resistant - easy to clean - durable. A brief glimpse of tomorrow is the moving light form hung over the sofa, telescopic in design, finding its reflection in the brilliant red, white and blue of the area rug.

IDEALLY SUITED to the art of boiserie is the bookmatched paneled doors here. French Walnut in the Mammoth Royalecote Diplomat series has been given an accent by adding vinyl-clad wood moldings, with matching finish, to selected panels. The added touch gives the setting a rich, elegant appearance. English Walnut in the same series, a darker paneled, may be enhanced similarly. Moldings, mounted with adhesive, can be arranged in any desired pattern.

ARLINGTON HEIGHTS - Arlington Greens Area
This brick ranch features a 10'10' x 26' ft. construction dining room, family room, plus 22'x24' ft. Recreation Room - A real family home - 2 bedrooms - Excellent condition - Many extras Incl. \$28,900 Plus, Don't let.

A HOME NEAR SCHOOLS - But not too close, just 1 1/2 blocks, train and shopping 3 blocks. This is a location for convenience. This attractive contemporary split-level has 3 bedrooms, paneled 15'x20' ft. family room, kitchen with built-ins, includes carpeting. Large cathedral ceiling in living room. It will please you at \$25,900.

Publish Book On Industrial Real Estate

The first book covering all phases of the industrial real estate field has been published by the Society of Industrial Realtors. The 600-page book was written by Dr. William N. Kinard Jr., director of the Center for Real Estate and Urban Economic Studies, The University of Connecticut.

Entitled Industrial Real Estate, this unique reference will be of particular interest to Realtors, developers, investors, public utilities, public and private industrial development organizations, corporate real estate managers, and chambers of commerce. It can also be used as a text for university and college courses.

It covers such subjects as marketing, financing, investing, development, site selection, leasing, appraising, rehabilitation, zoning, tax factors, industrial park development and operation, office operation, and aids to industrial development.

Copies are available at \$12.50 each from the Society of Industrial Realtors, 1300 Connecticut Avenue, N.W., Washington, D.C. 20036.

New man in town*

Know him? Does he look familiar? Maybe not. However, your paths may have crossed. He's the "Man from Kunkel" . . . a near-neighbor who lives in the City of Des Plaines. This week he becomes a friend, a resident, a businessman in your own community. He will put a sign over his door reading: "Wm. L. Kunkel & Co., Realtors." His address will be 215 South Elmhurst Road (across from Randhurst), Prospect Heights, Illinois.

We hope you'll welcome him. He brings with him a lot of special talents and "know-how" when it comes to buying, selling, renting or managing your property. First of all, he's a Realtor, a member of his local

board and of the National Association of Real Estate Boards. He's pledged to serve you expertly as a trusted friend. Secondly, he's a member of M.A.P. Multiple Listing Service — a network of affiliated real estate firms ready to serve you immediately. Lastly, he's a staff member of Wm. L. Kunkel & Co., a 40-year-old organization which has its roots deep in the history of Des Plaines and surrounding communities.

The new man in town — the "Man from Kunkel" — is at your service! So, when you're moving up or settling down, consult him. His phone number is 253-5500.

City Without Adequate Housing Code Likened To One Lacking Fire Dept.

A city without a continuous, adequate program of housing code enforcement is as pathetic as a city would be without a fire department, according to Dr. Russell Doiron, Sp. Sec. State Reps., chairman of the

Illinois America Better Committee of the National Assn. of Real Estate Boards.

"Similarly," he continued, "a city without adequate enforcement can be likened to one without medical facilities. There

comparisons are valid in that code enforcement is an effective preventative of fire and disease.

"While we would never permit a fire to rear its ugly head or an epidemic to spread across the population, we are, in many cities of this country, permitting sources of fire and disease to fester while we wait," he said.

TO BE CONSIDERED adequate, a housing code must be detailed, and to be considered properly enforced, it must be imposed on whole sections of the city, rather than on the "spot" basis that results from enforcement only after a city's complaint, Doiron said.

In many cases, existing housing cannot be economically brought up to minimum standard. When this is true, the property should be condemned and demolished.

"A program of condemnation and demolition should be carried out on a 'phase' basis to permit the city to cope with the problem of family relocation in an orderly manner."

While executing a condemnation program on such a basis will lessen the impact of relocation problems, it will not eliminate the difficulty.

To reduce the disruptive effects, Doiron recommended the appointment by the area's board of Realtors of a committee on relocation which would be able to help families relocate in up-to-standard housing for sale or lease at prices which the displaced can manage on their incomes.

owners, and that the downtown merchants' organization employ an assistant to create a series of interesting solutions to the problems of the unattractive street fronts."

THE BAB TEAM REPORT on Spartaunburg contains sections on low-income housing, urban renewal, planning and zoning, city administration, and the city's downtown area.

BAB advisory teams, made up of Realtors who are expert in housing and urban development, at the request of city officials and the local board of Realtors make a study of the area and offer recommendations for improvement. Spartaunburg was the 40th such visit since the founding of the BAB Committee in 1957. Another team completed a visit to Clearwater, Fla., in mid-October. Realtors who served on the Spartaunburg advisory team included Doiron, team chairman; Lloyd D. Hasford Sr., San Francisco; Thomas P. Kohr, Columbus, Ohio; and Adolph C. Rohland, Bethesda, Md.

Information on the Urban America Better program of rehabilitation and urban renewal may be obtained from the National Assn. of Real Estate Boards, 150 Connecticut Ave., N.W., Washington, D.C. 20036.

New Regulations Increase Movers' Liability

Under new regulations in effect this year, persons moving long-distance (interstate) are benefiting from an increase in the carrier's liability.

In the event of loss or damage, the mover now replaces at least 60 cents per pound per article. It was 30 cents per pound per article.

Even with the increased coverage, shippers of household goods are wise to consider the purchase of extended coverage. Moving companies of Amero Mayflower Transit Co., long-distance mover, point out that many articles in the home are worth substantially more than 60 cents per pound. A \$50 lamp, for example, may weigh no more than 5 pounds which means its replacement value under the 60-cents-per-pound limitation would be only \$3.

FOR EXTENDED COVERAGE, up to the full value of the shipment, the shipper pays 50 cents for \$100 valuation though he may not set the valuation of his total shipment at less than \$1.25 per pound of the shipment.

In other words, if you have a 4,000-pound shipment (the average of Mayflower's 125,000 long-distance moves in 1966), you must place a valuation of at least \$5,000 on that shipment (4,000 pounds x \$1.25) and pay \$25 for the increased coverage (50 cents for each \$100 of valuation). You may, of course, value the shipment as high as you wish and pay a correspondingly higher charge. In the event of loss or damage, however, you are reimbursed on the basis of the higher valuation.

Something Special Heat the Garage

Tired of cold-morning car problems? Keep your car warm, say Northern Illinois Gas Co. officials, by installing a gas room heater in the garage.

The compact, efficient and economical room heaters do not require a chimney but are vented to the atmosphere by design and can be installed in less than two hours.

With the room heaters, an attached garage without insulation can be heated all winter for less than \$30.

Specialists in Barrington We Live Here Too!

RETREAT IN DEPTH, created by Viny Smith, A.I.D., for the U. S. Rubber Company. In step with the design trend of modern living - the combination of efficiency and good taste - Smith blends the latest and most practical home furnishings materials with elegant interior design concepts. An inviting entranceway, set off by painted Shaker doors, leads down a few steps into the traditional modern living area. Door panels are Decor '64 mandarin orange; the floor of the entranceway and steps are done in Royal Vinyl Carpet chestnut tweed. Focal point of the living area is the free-standing brick fireplace beneath the windows. The T-chaise lounge chair and ottoman in the left are upholstered in a handsome yellow-and-orange print called Somerset, a new printed pattern in this year's Naugahyde line. Flooring is Amitec white tile. Royal Expanded Naugahyde '64 in room beige covers the media sofa. The end table is oakwood. A wood paneling effect on the walls is created with Woodcase Rosewood, and a strip of Royal Naugahyde in rustick black frames each panel.

It Pays To Think
When Planning Walls

There's more to a wall than just
something holding up a roof or dividing
the interior of a house.

Whether you are planning a whole new
home or are merely remodeling, you will
find it a most useful thought to consider
other functions possible to the walls.

One application of the wall to add space
to your house without apparently cutting
down on actual living space is to construct
one wide enough to allow concealed
closet area, between bedrooms, in place of
the usual thin dividing wall.

ANOTHER IS TO USE a brick wall
or one of rough stone to separate the family
living room from the rest of the house.
Even if you do not erect an actual fireplace
such a wall, if planned, can create the il-
lusion of an old-fashioned hearth by at-
taching a natural wood mantelpiece to it.

Sit down with a floor plan of your
"cottage" and do some doodling, with novel
use of walls as you throw. You'll find
it pays you with some practical and a very
unique arrangement.

Handy Jim's
FIX-UP TIPS

Do-It-Yourself Pays

Do-IT-YOURSELF pays off
in hard cash!

Home owner and his wife
decided to finish their basement
for entertainment and children's
recreation. A workshop "dood-
ling" he decided to do the job
himself.

To find out what the renovation
would be he took — and re-
jected two bids — \$5,600 and
\$2,600. He went to a local home
center. The result: his own time
and energy enabled him to
"bank" the minimum difference
— \$2,600.

By working evenings and
weekends, he completed renovation
of the 20 x 25-foot space in six
months. Time-saving ma-
terials and methods made it pos-
sible to complete the job in this
reasonable time.

Walls and several built-in
were covered with plywood
panels and 15 beau-
tiful woodgrains made by Masonite
Corporation. In loca-
tions he used alternating panels
of Marlstone, a textured hard-
board with the rich appearance
of travertine marble.

He installed furring strips by
a fast new method — cartridge-
type Royale adhesive, which he
found much easier than nail-
ing furring strips. He then ap-
plied the decorative hardboard
by the same quick method,
which saved him hours of time.

Attic Gold Mines

YOU MAY have a gold mine
in your attic — perhaps even
two!

Have you checked the "treas-
ury" saved over the years? You
may have some valuable an-
tiques to sell and possibly some
junk as well.

The other gold mine is useful
space now devoted to dead stor-
age.

An attic easily can be convert-
ed to an extra room or even an
apartment to be rented, suggests
John Concord, home improve-
ment consultant to Masonite
Corporation.

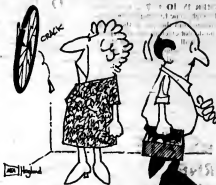

Decorating and maintenance
can be simplified by installing
factory-finished Royale panel-
ing, available in 18 colors and
woodgrains. The panels are
easy to clean, and common house-
hold stains may be removed with
water and detergent applied with
a cloth or sponge.

Paneling may be placed directly
over attic wall studs, which
might have to be shored up to
even them up. Use Royale
general purpose adhesive rather
than nails; it's quicker and
easier.

For a free plan on attic re-
modeling, send a postcard to
Masonite, Box B, Chicago, Ill.
60609, requesting AE-604.

Hanging Objects Easy With Handy Fastener

With new fasteners, hanging a picture or mirror can be done without wall damage.

Hanging a picture or a mirror or fastening a shelf on a wall are jobs that can be approached with a feeling bordering on panic. There is an awareness that one simply doesn't drive a nail into the wall and then hope for the best.

There are visions of broken plaster, torn wallpaper and cracked concrete. Or perhaps one does try driving a nail and dimly remembering something about locating the joints, goes about pounding the wall listening for a solid sound.

Ingenious wall fasteners are available that will handle almost any situation. It is worth your time now and then to browse among store counters for them.

ONE OF THE SIMPLEST is adhesive-backed, made of cloth with a metal hook on it. This is strictly in the lightweight class, but it goes up fast and won't mar your walls.

The cloth is soaked in water and the whole affair is applied to the wall. In 20 minutes, it's ready to use. To remove, soak with water and peel off.

Machining hooks are available for the backs of pictures.

A stronger picture hanger is the brass hook with a nail running through it at an angle. These come in a variety of sizes and are graded according to the load they can support.

BUT WHEN YOU ARE putting up something that requires more support, curtain rods, shelves, wall lamps—you will want something that will not tear off or pull out as easily as adhesive or a nail.

Screws are preferred but they will not

hold in a soft, crumbly material, such as plaster. A variety of anchors have been devised which will fit firmly in the wall while giving the screw a sturdier base.

Cheapest of these is the plastic anchor. When a wood screw is inserted into one, it spreads in the wall and provides a good grip. Drill a hole the same diameter as the anchor. Fit the anchor in place and then thread the screw in.

FIBER PLUGS CONSIST of a lead lining covered with fiber. Use these in concrete and masonry as well as plaster. The screw bites into the lead and expands the shell slightly in the hole.

Machine screw anchors are for use with machine screws in concrete walls where the lead is heavy. The anchor consists of a machine nut and a lead sleeve. When the bolt is inserted and tightened, it draws up the nut, expanding the sleeve.

Lead anchors are for use in the same situation where a wood or lag screw is desired. The screw cuts its thread in the lead anchor and expands it against the side of the wall.

TOGGLE BOLTS ARE for use in hollow walls. A unit consists of a machine bolt and a nut that is really in the form of wings which can be folded to insert in the hole and which then spring open inside the wall. If you withdraw the bolt, however, the wings drop into the wall.

A machine bolt with an expansion anchor (Molly Bolt is a common brand) can also be used inside a hollow wall. As the bolt is tightened the end of the anchor is drawn up, causing the shield to expand. You must use the right size for the wall.

W. L. Kunkel & Co. Opens Prospect Heights Office

The opening of Wm. L. Kunkel & Co.'s Prospect Heights office on the northwest corner of Route 83 and Euclid Ave. was cause for celebration among these three sales representatives. The office has been set up to serve eight communities in the area. Left to right are Robert G. Loeffler, Kunkel's director of residential sales, and John R. Bye and Arthur E. Braband.

Wm. L. Kunkel & Co., a 40-year-old real estate firm with headquarters in Des Plaines, has opened an office in Prospect Heights on the northeast corner of Route 83 and Euclid Ave., opposite Randhurst Shopping Center. The office will offer a complete real estate service in residential, commercial and industrial properties.

It was formerly occupied by Smith & Dawson, Inc., Realtors and original developers of Prospect Heights.

In making the announcement, Ralph H. Martin, vice president and general sales manager of Kunkel, said the opening of a Prospect Heights office had been contemplated for some time and would provide a needed service to many communities in the northwest suburban area.

"The rapid growth currently taking place in Prospect Heights and surrounding communities requires additional facilities for those buying and selling homes. We intend to have complete listings in more than eight communities," he commented. The office is a member of the M.A.P. Multiple Listing Service.

ROBERT G. LOEFFLER, director of residential sales for Kunkel, will head the Prospect Heights office. He will be assisted

by John R. Bye and Arthur E. Braband, both sales representatives.

Loeffler is well known in real estate circles. A graduate of the Illinois Association of Real Estate Boards' special institute in Florida, he is a past member of the administrative board of that group, a past director of the Northwest Suburban Board of Realtors, and is president of the Regent Park Property Owners Association. He lives at 16 Regency Court, East, in Arlington Heights.

Bye has been with Kunkel for a number of years in its residential department. He was formerly on the sales and marketing staff of Montgomery Ward in Randhurst. An associate member of the Northwest Suburban Board of Realtors, next year Bye will graduate from the I.A.R.E.B. special institute.

He is a resident of Mount Prospect and lives at 1918 West Lincoln Ave.

Braband has recently joined the Kunkel organization. He has been a resident of Mount Prospect for 13 years and has been associated with real estate interests in the area for six and a half years. He is an associate member of the Northwest Suburban Board of Realtors.

Why not investigate this 2 for 1 opportunity...

Drive With Care
And Buy Smart

Several other employees at the hospital, who normally have access to patient's records, said that they were not allowed to view medical records relating to the care and release of the abandoned infant.

"I wish I could help you," one hospital aide told a reporter, "but nobody seems to know too much about where the baby went—it's turning out to be a real mysterious affair."

Dad 'Steals' Own Car

His son's knowledge Thursday and all area and county police departments were alerted.

James A. Mertens of 1417 N. Rand Rd., reported in Arlington Heights Police at 1:30 p.m. that his father's car was "stolen" from the parking lot at St. Viator High School.

Police immediately sent the description of the vehicle to area departments through the teletype.

Later in the evening, Mertens called police to

New Police Radio Blinking Failure

A "communications breakdown" occurred in the Arlington Heights Police Department last night.

At 6:30 p.m. Radio Operator Mark Radzinski was alerted to the new Communications Center system.

HE COULD hear the messages of the police cars and could receive messages from the police departments, but he could not get out any messages.

Radzinski blinked on and off, and soon assistance was provided by the old radio system.

HEIGHTS cars explained the situation. They relayed messages from the Arlington Heights Police Department to Rolling Meadows Police Department, which in turn relayed the messages to the Arlington Heights Police Department.

THE RADIO operators used the portable system to relay messages to the Arlington Heights Police Department, which in turn relayed the messages to the village of Rolling Meadows Police Department to contact the other village's radios.

"We were paralyzed for about 15 minutes," said Radzinski.

"It took the repair men about an hour to get here and another hour to fix the system."

By Charles Stratton.

Trustee Roy Brester Thursday said the village board of health department is the "very nucleus" of the health care of the community, and that the board chairman, Dr. Hanson is "working on a plan to present to the board a proposal to present it to the public."

The Day has published information that the board of health department is to meet on the 20th day of the month on the status of the health department. The board is made up of many from two reports completed by the health department. The authors of the reports are Dr. Hanson, Dr. J. A. Snider and sanitation Richard J. Smith.

Full details of the two reports were made public at the meeting.

The first report charged that the board of health failure to understand the health department's sanitary or environmental health division and its staff.

Dr. Hanson, director of the health department, said when asked about the department's performance on the board of health, "I would reorganization."

He said he would make no comment at the board of health.

Dr. Hanson said he would "reorganize the health department" and said "some study and reorganization of the health department is in order."

The health board, composed of Dr. Hanson, Dr. J. A. Snider and sanitation Richard J. Smith, has been in contact with full-time private health care organizations in an advisory body.

It meets only at the request of the board of health director and it is to be called upon to express an opinion on the health department's work.

The system proposed by the board of health is to be reorganized.

Pavdiora telephoned the Palestine department and asked them to relay a message to the Arlington

Day by Day

And, On to Rome

By Catherine O'Donnell

The man was dressed in a mid-calf length gray suit. His head was crowned with a gray and white hair and the smile in his eyes was as bright as the sun. He was a member of the order of the Knights of St. Basil and that they took care of the Basilian of Rome.

We walked to look at the Basilian of Rome. They are pieces of parchment clearly depicting the Hebrew words that verify the Old Testament of the faith in the Bible. They told the history of the Hebrews 3,000 years before.

OUTRAGE was marveled at the scrambled room that passed for sculpture. They had been donated by Billy Rose and which is called the Billy Rose Garden.

"They buried him the other day," someone said. "They should have buried this with him," said an critic.

Norman drove us quickly to the top of the highest mountain in Jerusalem to see the John F. Kennedy Memorial. It is incredibly beautiful and is a touching tribute to one who made the difference of a United States of America.

WE WALKED on to the apostles at Tel Aviv. I had the morning and I can't remember a thing about that flight.

The next thing I knew, we were in Rome. Rome is Rome as it is being home. We stayed at the Mediterranean Hotel and could walk to the Coliseum, the Quirinale, the Basilica of Maria Magiare and countless other sites.

THE MASSES ON Sunday are held in the side altar about 15 minutes apart. All of the pews are usually filled. I couldn't believe my eyes. The noise was said to be.

I went into the sacristy where the priest who spoke English. "Was it Latin?" I asked. He said it was in Latin.

What happened to the vernacular? I asked him. "It's supposed to be the same as in Italy," he said.

"Take the time," he said holding both of my hands. "Take time and be the meaning of the mass in the Holy Father."

The altar was not turned around in St. Peter's but the altar was turned around in St. Antonio's to Tel Aviv. I waited for that Man to be

said them. He however he it was said in French. I was a little disconcerted to see a man who had been in school and did not know the words of St. Paul. St. Paul X and Pope John and all of the Pope. Pope John has many flowers around the altar. They all seemed to be red or white carnations. On the right hand side there is a bank of carnations. The flickering of the candles seem to give movement to the marble stone.

There is much more to be seen I'm sure that everyone in Arlington Heights is tired of going on the subject, "Value Sharing and Sharing."

Mr. Moore is a Pal Bus Kappa and a member of Eta Chapter. Delta Kappa Gamma.

Wills, Inc., 100 W. Northwest Highway, Mount Prospect, will open its new Bill Village Wednesday, Nov. 22. Completely remodeled, this spacious store will carry all famous brands of all equipment and did more. William A. Wills, store president, said, "A top equipped store will take place Wednesday, Friday, and Saturday, Nov. 22, 24, and 25. Famous did champagne led by Robert Lamm, the new Bill Village manager, will be present to talk to the public." Prices will be awarded and refreshments will be served.

Richard Wetzel Named Bell Chief Engineer

Richard A. Wetzel of 604 S. Can Dea, Mount Prospect, has been named chief engineer of state operations for Illinois Bell Telephone Co. in Springfield. The appointment is effective Dec. 1.

Wetzel has served as general service engineer in the company's Chicago headquarters since 1963. He joined Illinois Bell in 1959 after he was graduated from the University of Illinois.

He is a member of the Western Society of Engineers, the Illinois Society of Professional Engineers, the Institute of Electrical and Electronics Engineers, and Tau Beta Pi, honorary engineering society. He also has a membership in the Chicago Area of Commerce and Industry.

He and his wife, Barbara, are the parents of a daughter, Susan, a freshman at Purdue State, residents at Purdue.

University, and a son, Richard, a student at Prospect High School.

Choralettes Elect Officers
The Northwest YMCA Choralettes, under the direction of Mrs. Robert Fargnoli, at their November meeting elected the following officers:

Mr. Francis Jepperson, Rolling Meadows, president; Mrs. Donald Seiler of Arlington Heights, secretary; and Mrs. Helen Thwaitt of Mount Prospect, treasurer.

The membership will reopen during the month of January and all women interested are urged to contact the YMCA at that time. The choralettes meet every Tuesday morning.

The Christmas Concert on Dec. 7 will be held at the YMCA in Des Plaines at 8 p.m. Free, residents at Des Plaines.

GETTING READY for the Christmas Bazaar at St. Joseph's Home for the elderly from 10 a.m. to 6 p.m. Nov. 18 and 19 at 10 W. Baldwin, Palatine are Miss Alice Blumquist and Miss Mary Pryor, residents at home.

Meditation

'Bless the Lord, Oh My Soul'

ABOUT THE AUTHOR

The Rev. Robert E. Baughman has been pastor of the Prospect Heights Baptist Church for 9 years. He graduated from Moody Bible Institute in 1951 and is a graduate of Southern California, U.S. He has served the "Chain Street Baptist Church of Chicago at assistant pastor, and Calvary Baptist Church, Arlington Heights, Ill., as pastor. He and his wife Mary have two children, Milton, 14, and Robert Jr., 16.

Some people, like an English king, have a negative attitude toward their blessings. At the close of the Revolutionary War, during which England lost the thirteen colonies, King George proclaimed a Day of Thanksgiving because of the return of peace.

The chaplain said to him: "For what would my majesty give thanks? For the loss of thirteen of the brightest jewels of your crown?"

"No for that," answered the king. "Because some of those jewels of mine race and religion have been destroyed."

"Not for that," said the king. "Why then?" said the chaplain. "For what shall we give thanks?"

"Thank God," said the king with great vehemence, "because matters are no worse."

If the king you can do at this Thanksgiving season is thank God because matters are no worse, at least do that. But I'm sure we can follow a better way - we have so much for which to be thankful.

LET'S PRAISE THE LORD FOR ALL MATERIAL BENEFITS. Stop and think of all the multiplied "blessings" we enjoy as a nation and as individuals. Thank God for the grapes of California, the oranges of Florida, the tomato of Kansas, the wheat of the corn belt of Iowa, the wheat of Kansas, the various products of Colorado, and every other material "blessing" of each of our fifty states.

Most we see the forerunner from the slave state lies the sidewalks of New York, and thank God for freedom here.

Rejoice and praise the Lord, that we are not behind on this count. We are in a national concentration camp, nor in a slave-labor gang of the far East, nor in a Communist community.

I'm sure that one can easily, with pencil and pad, write down scores upon scores of material "blessings" with which God has blessed us.

LET'S PRAISE THE LORD FOR ALL SPIRITUAL BENEFITS. I thank the Lord God for His Unsearchable Gift (1 Cor. 9:35). Of all God's gifts - material and spiritual - God can give us none so great as His "unsearchable" gift: HIS DEAR SON, Jesus Christ. For He gave Him. Not only gave Him to us, but He gave Him to be "lifted up" on the cross, and to die for us (John 3:16).

He is the Lord of glory and the Prince of life. Yet He came to die in the hearts of all who will accept Him in love and Savior. But to no man as receive Him, to them give He the power to become the sons of God, even to them that believe on His name. (John 1:12).

We can be thankful for a gift we do not accept! The offer of the gift of a house, or a large sum of money - let us say \$50,000 - brings no joy, UNTIL IT IS ACCEPTED. And hearts will never know the thrill of such largess, and full acceptance in God the Father, and the assurance that we are "born again" will never receive Christ, God's Unsearchable Gift.

For the blessings all of us in this country enjoy... FREEDOM OPPORTUNITY HOPE... we offer our most sincere thanks

Services of Thanksgiving

TWO COMMUNITY Thanksgiving Services will be held in Mount Prospect, the first on Thanksgiving eve, the second on Thanksgiving Day.

First Church of Christ, 2025 N. Lincoln St., Mount Prospect, Ill., will hold its Thanksgiving service at 7:30 p.m. on Thursday, Nov. 22.

Second Church of Christ, 1111 E. Campbell St., Mount Prospect, Ill., will hold its Thanksgiving service at 10 a.m. on Friday, Nov. 23.

TO CELEBRATE Thanksgiving, the Lutheran Church of the Cross, 2025 N. Lincoln St., Mount Prospect, Ill., is offering two services of worship this year.

On Thanksgiving Eve, the Festival Service of Celebration will be held. On Thanksgiving Day, the Service of Holy Communion will be held. This service will be at 10 a.m.

These services of thanksgiving are open to all people who desire to attend.

THE CONGREGATION of Grace Evangelical Lutheran Church (corner of East and West) will present the Junior Communion with personal Bible study on Wednesday evening, Nov. 22 at the traditional Thanksgiving Eve service.

The custom of presenting Bibles to the youth of the church is a tradition at Grace.

FIRST CHURCH of Christ, 2025 N. Lincoln St., Mount Prospect, Ill., will hold its Thanksgiving service, open to the community, at 7:30 p.m. on Thursday, Nov. 22.

Spanish-American women in the area have been invited to the church at 8:15 E. Euclid from 9:15 a.m. to 11:30 a.m. and will be assisted with their sewing, knitting, crocheting, embroidery and quilting.

Offer Help With Sewing

A work group meeting is planned by the Women's Society of the First Methodist Church of Arlington Heights for their general meeting, Tuesday, Nov. 21. Luncheon will be served at 1:30 a.m. followed by the monthly business meeting.

Supplies needed for other projects may be taken to Mrs. Robert C. Landon, 401 S. Lincoln St., Arlington Heights, Ill. 60015. Luncheon reservations must be made with circle chairmen or Mrs. George Murphy (CL 5-8656) by 10 a.m.

Answers to Previous Puzzle

4 Lions on Chicagoland Prep All-Star Team

Four St. Victor players have been named to the Chicagoland Prep League all-star team.

Donnie Pabicki and Rick Loner gained the offensive team while John Browning and Dan Klingberg made the defensive squad.

The team was named by a coaches' panel and the number of selections for each school was weighted according to the team's finish in league play. St. Victor, with a 2-2 record, wound up tied for fourth.

HONORABLE mention went to Mark Waindini and Mary Wendell of Vassar.

Pabicki, premiere quarterback of the league, posted 66 yards this year, connecting on 77 of 156 throws. He was named first quarterback on The Day's all-star team.

Waindini, a 200-pound senior tackle, was co-captain of the Lions and, according to coach Joe Glava, was largely responsible for opening holes for the running game and for

protecting Pabicki while he was passing. Loner was named to The Day's defensive first team.

Browning, a senior guard, teamed with Loner on the inside of the Vassar defensive line.

Klingberg played halfback on defense and fullback on offense for the Lions. "On" defense, he interrupted four passes. He had 41 yards in 25 attempts and caught nine passes for 90 yards. He completed two of four passes

himself for 22 yards and a touchdown.

A 170-POUND halfback, Waindini ran for 125 yards and caught eight passes for 120 yards. Wendell, a senior, had 41 yards and caught 13 passes for 71 yards.

Complete Chicagoland Prep League defensive all-star team: Offensive backs: Larry Pabicki, Mike Roman, St. Patrick; Bill Wilkins, De La Salle; Mike Fawcett and Bob O'Connor, Marian

Catholic; Don Kane, St. Ignace; and Carl Fawcett, De La Salle.

Offensive ends: Tom Kucharski, Marian; and Dev Loken, Marian.

Offensive tackle: Das Katsavoulis, De La Salle; and Tom Waindini, St. Patrick.

Offensive guard: John Loner, Marian; Catholic; Bob Kucharski, Marian; and Ed Vandenbrouk, De La Salle.

Center: Tom Waindini, St. Patrick.

Defensive halfbacks: Jim Arendt, St. Patrick; Frank

Stewart, De La Salle; Kucharski, and Carl Fawcett, De La Salle.

Linebackers: Jim Hall and Larry Loken, Marian; Kucharski, Phil Bacon, De La Salle; and Richard Pizarro, Marian; Catholic.

DEFENSIVE linemen: Mark Novelli, Marian; Catholic; Richard O'Leary, Marian; and George O'Mara, St. Patrick; and Carroll Scott, De La Salle.

Honorable mentions: Greg Mazzarelli and Dean Pinter, St. Patrick; Bob Kucharski and Ken Deneen, De La Salle; Tim O'Dea and Frank Pabicki, Marian; Catholic; William O'Dea, Marian; and Tom Dorkin, Marian; Bob Nutsching and Bob Schuch, St. George.

Eight juniors and 20 seniors named to the all-star first team.

Elk Grove Cagers' Disadvantage

It's Small Against Tall

Elk Grove will begin its season by becoming commonplace—putting its small basketball against a taller opponent.

New Trier West, another school in its first year of all-variety competition, will come to town tonight. The opening tip of the season preliminary will be at 7 p.m.

THE GREENHAWKS will face a team that averages 6-10 plus across the front line. Elk

Grove goes a mere 6-10. "I'm just going to have to keep the ball away from their big men," said Coach Bob Rees. "Either by passing properly or by using the fact that they don't have a chance to get the ball or by staying in front of them, we'll have to keep it away. If they get the ball in close, we could be in trouble."

New Trier Coach Mel Rees isn't sure his squad's

BY JIM MASEK

The 1967 edition of Prospect's Knights will begin its drive to equal or better last year's record by taking an even earlier journey to Libertyville tonight.

The sophomore preliminary will begin at 7 p.m.

Prospect, composed mainly of freshmen from last year's 18-6 team and a couple players up from the juvies, will have height and speed, but will be having an even earlier opportunity.

Libertyville's squishies, the only question.

"They have the big boys,"

said Knight Coach Dick Kieneman. "I just hope they'll have the speed to get off with their size. If they have, we could be in trouble."

The Libertyville graduated most of the team that won 18-3 last year, but will try to compensate with altitude for what they may have lost in

scratching ability.

BERT WHEELER, a 6-5 senior, and Keith Hansen, a 6-5 junior, will be at the forwards. Wheeler, the only returner, averaged 10.5 points per game, a Liberville coach Larry Loner, who is worried about the development of his

team to play in the future. "We lost seven of our top eight players from last year," Loner said. "So the big question for us is how well they have been going to come along."

"We like to run," Loner said. "We'll have to mix our offense, but we'll have to rely on the shorter, quicker players and we'll have a lot of game experience, of course, so we'll just have to see how things

work out."

Two years ago, we went with a zone. We don't have the speed we had last season, so I'll probably be done again this year."

The key to breaking a zone defense is good outside shooting and Kieneman thinks he has it.

"Anderson, Jim Gustaf and Bruce Timko can really shoot and so can Mike," Loner said. "Timson can too, but we won't have him Friday."

The Knights will be up against a team that has featured a face-home type of game in the past.

The Only Direction Is Up

Muscle will have to be available for experience in St. Victor's wrestling squad looks ahead.

Only one letterman is back from this team that won 1-9 last year after an 8-10 the year before.

"We can only get better," said Coach John Zai. "There's not much further down we can go."

Zai said that he's looking forward to the best season in the five-year history of the school's wrestling program, but added that some veteran kids would have to come through.

"We've got the muscle this year," he said, "but we lack experience."

Victor will have a team that features juniors, sophomores and even freshmen at most positions. Mike Cunningham, who wrestled 112 pounds in 1966, is the only returning letter winner.

"We should be pretty solid on 125 pounds up," Zai said.

He explained that top candidates in the 95 and 103 pound classes transferred to private schools during the off season, leaving gaping holes at these weights.

"We're going to be wide open at 95 and 103," Zai said, "but we should be better from there on up."

Cunningham will be that man at 112 with Rod Ayers at 120. Senior Jim Howard and sophomore Bill Hazzan are battling for the 127 pound

weight.

Rob Barchelor tries to pop off the head of teammate Greg Grapenstro, Barchelor will wrestle at 165 pounds for St. Victor, Grapenstro at 145.

At 133, senior John Wendell and junior John Shicks are the top candidates while sophomore Mike O'Malley is challenging senior Paul Siger for the starting job at 116.

GRG GRAPENSTRO is the likely man at 145, but in this competition is wide senior and junior variety can

be wrestled on the variety level. No Lion advanced beyond the first round of the tournament last year.

Grappening went on to a district with a 7-3 record, but dropped his first match.

Zai said in his third season as coach, he is searching for 25 graduates, including 15 seniors and junior varsity candidates.

"OUR PROGRAM here is so new," he said, "that a lot of sophomores and juniors can make our varsity squad."

Zai said that St. Patrick, Chicagoland Prep League champ last year, and Marian Catholic probably would be the teams to beat in the league.

The Lions will open their season with a match at Carmel of Mandelton on Saturday, Nov. 25.

New Trier will have 6-11 Solomon and 6-3 Steve Radford as the forwards. Tom Matine, a 6-6 junior, will be at center and Tom Domenech, 6-4, and Jim Miller, 5-11, will be the guards.

PAUL WAGNER, 6-2, will be first of the bench when a forward needs a breather and John Burmeister, 6-0, and Jack Weiner, 5-5, will see action as guards.

Matine was the squad's leading scorer in his sophomore year, averaging 14 points per game. Radford, the team captain, scored 31 an 11-0 clip.

Fred Symanski, a 6-3 senior, was the squad's leading scorer in his sophomore year, averaging 14 points per game. It will sit this one out because of a sprained ankle.

For Elk Grove, Jim Hoffman, Gary Pieschardt, Larry Pahl, Bob Baumgart, Joe Kalin and Frank Schultz may play.

Rees is confident that his charges can beat the boys with the bigger men they'll be facing.

"We'll probably play a lot bigger than we look," he said. "Our kids are pretty strong, and are good jumpers."

NEITHER TEAM will turn up the clock with its speed. Each likes to control the action and work in patterns.

Both coaches doubted that their teams are at their peak, because of the short practice time they were allowed.

"I don't suppose you can ever say you're ready," Rees said. "But we'll learn a lot more tomorrow than we would have in a couple extra days of practice."
